Benefits in detail

This policy comes with 4 different options. Read on to understand the benefits under each of these options:

Plan Option 1: Income

Under this plan option,

- You pay premiums for a certain period of time (known as the premium payment term) and
- One year after the completion of premium payment term, you get Guaranteed~ Income at the end of every month/year for a certain period (known as the Income Period)
- In case of death of the person whose life is covered by this policy during the Income Period, Death Benefit (detailed below) gets paid and the policy terminates.

You can choose the premium payment term and the Income Period as per the table below:

You can choose to pay premiums for	You can choose to get Guaranteed~ Income for	You get Guaranteed~ Income from
7 years	15 or 20 or 25 or 30 years	End of 9 th year (for example, if your last premium is paid on Jan 15, 2028, your Guaranteed~ Income will start from Jan 15, 2031)
10 years		End of 12 th year (for example, if your last premium is paid on Jan 15, 2031, your Guaranteed~ Income will start from Jan 15, 2034)

Table-1

In the above examples the frequency of premium payment and Guaranteed~ Income is annual.

Guaranteed~ Income benefit (Survival Benefit):

Once you pay all your premiums, depending on the premium payment term and the Income Period selected by you, you will receive a Guaranteed~ Income upon survival on the date of each income payment. To understand this benefit in greater detail, let us take an example.

[~]Guaranteed benefits are payable subject to all due premiums being paid.

~Guaranteed benefits are payable subject to all due premiums being paid.

Smita also has the flexibility to receive this Guaranteed~ Income on a monthly basis.

If she chooses to receive this income every month, the amount will be multiplied by 98%. In this case, the Guaranteed Income will be ₹ 1,00,567 for the whole year. She will receive $1,00,567/12 = ₹ 8,380$ every month for 30 years starting from Feb 15, 2036.

Save the Date: As we all want to save for the non-negotiable goals in life, we also want to ensure that our savings are used for the intended cause. For the same, we also let you choose any date like your spouse's birthdate or your anniversary date or any special date of your choice to receive the Guaranteed~ Income if you have opted to take Guaranteed~ Income on an annual basis. Please refer to Clause 6 & 7 under Terms & Conditions.

- If you stop paying premiums in the first year, no benefits will be payable.
- If you stop paying premiums after you have completed payment of premiums for first full year, the policy can continue with reduced benefits.
- All reduced benefits will be calculated by multiplying the original benefits as specified in "Benefits in detail" section to the extent of the proportion of premiums paid to the total number of premiums payable (number of premiums paid/number of premiums payable).

The paid-up benefits will be calculated as follows:

Paid-Up Death Benefit under Income/ Assured Income plan options is highest of

Where, Sum Assured on Death is equal to 10 X Annualized Premium.

For Income and Income with 110% ROP plan option: In the event of death of the Life Assured on the Date of Maturity for a Paid -up policy, only the last Paid-up Income and Paid-up Terminal Benefit (if applicable) is payable and the Paid-up Death Benefit shall not be payable.
